**Beware... once you touch Stretchy Sand®
you won't be able to take your hands off it!**

Stretchy Sand® is unique and unlike anything you've ever seen or felt before. It's solid like clay, flowy like sand and stretchy like slime. You can knead it, build shapes with it or stretch it into a fluffy cloud.

Due to a special coating, the grains of sand stick together leaving your playing area clean.

Stretchy Sand® variations:

plastic jar with lid
available in 100gr. or 250gr.

flowpack with window
